## The Balcony™

table & bench combined  
to suit a narrower space

Dim: 2350 x 503 x 440/730 (H) mm

The East & West outdoor range came about from the marrying of Sakkho® Javanese Teak Tiles (the East) and high quality Australian made Stainless Steel frames (the West). This merger resulted in a range of outdoor furniture that is truly unique and innovative for both the domestic and commercial markets.

With proven experience and a reputation within the industry, Mark Lancman has been servicing both professionals and private clients for over two decade as a supplier and designer now taking the versatility offered by Sakkho Teak Tiles to becoming a pioneer in outdoor furniture design.

The range is available in regular polished or 316 marine gauge stainless steel for any use near the ocean on coastal areas.

### ENVIRONMENTAL ETHICS

SAKKHO® manufactures FSC certified and non-FSC certified timber tiles upon request. Check for stock availability. While at Sakkho we are committed to source all our timber from legal and well controlled plantations or forests, only products marked as such are FSC certified with valid Chain-of-Custody. Sakkho is partnering with PFS Furniture Sales; however Sakkho's Chain-of-Custody and FSC license are not transferable and must be issued by Sakkho to be valid.

PFS Furniture Sales Pty Ltd is a registered business of Mark Lancman.
